

October 7, 2004

Dear Sculptor:

For the last six years White River State Park has sponsored a yearly outdoor sculpture program that has proved to be very successful and popular with residents and visitors alike.

We are now seeking entrants for our 7th Sculpture in the Park exhibition. Please note that we are making some significant changes that we believe will make the program more attractive and increase interest among artists. Guidelines for the next exhibition include:

- Sculptures will now be displayed for two years beginning in March of 2005.
- The honorarium has been raised to \$3,000.
- Entries must be received by Friday, December 3, 2004.
- Winners will be notified in January 2005.
- Sculptures must be delivered to White River State Park between March 15 and March 31, 2005.

Enclosed is additional information about the program along with a brochure from this year's exhibition. Please take time to read the enclosed information and feel free to contact us if you have questions or want to know more about the sculpture program.

Sincerely,

Peggy Boehm
Executive Director
